1. INTRODUCTION

1.1 Prospectus: Prospectus for admission to the Post-Graduate (PG) Degree *Programmes* in the Departments of the University of Kerala for the academic year **2023-24**, as approved by the University of Kerala, is published herewith. It contains general information and rules relating to admission to PG Degree *Programmes* in the Departments of the University of Kerala. **The Prospectus issued by the University during the previous years for PG admissions in the Departments is not valid for 2023-24.**

1.2 About the University: One of the first 16 Universities in India, the University of Kerala, was founded as the University of Travancore in the erstwhile princely state of Travancore (now the southern part of Kerala) in 1937. In 1956, the unified state of Kerala came into being. The Kerala University Act was enacted in 1957, and the University of Travancore was renamed the University of Kerala (a name considered even in 1937) with jurisdiction all over the state of Kerala. The Vice-Chancellor, appointed by the Governor of Kerala, is the Chief Executive Officer of the University. The Pro-Vice-Chancellor assists the Vice-Chancellor. The University has three important bodies which make policy decisions and execute them.

The Senate and the Academic Council, two large bodies with wide-based representation, are the supreme bodies on general policy and academic matters, respectively. The Senate, “the Supreme Authority of the University”, reconstituted every four years, has 117 members (24 ex-officio, 78 elected and 15 nominated). It represents a cross-section of society, with its members drawn from different walks of life. The Academic Council is the supreme academic body of the University. It is also a large body like the Senate, with its members drawn from different spheres of the academic spectrum. The Academic Council has the power to make regulations and to advise the Senate and the Syndicate on all academic matters, to prescribe the programmes of studies in the University, to prescribe the qualifications of teachers, to make provisions for the admission of students to the

various programmes etc. The Syndicate, the chief executive body of the University, has a strength of 25. The Syndicate, which meets ordinarily once a month, has executive powers, including the general superintendence and control over the institutions of the University.

The University of Kerala has its departments of teaching and research (housed in University campuses). Also, it maintains several affiliated colleges spread over four southern districts (Thiruvananthapuram, Kollam, Pathanamthitta and Alappuzha) of the state. The 44 teaching and research departments are organized as eleven schools, most of which are housed in the Karyavattom campus. Teaching, research and knowledge extension are the mandates of the departments. They primarily focus on post-graduate (masters) programmes and doctoral (PhD) programmes and post-doctoral programmes. Affiliated colleges run a large number of bachelor's programmes and a lesser number of masters and doctoral programmes. University's research activities are also happening in select affiliated colleges and other recognized research centres. The total number of full-time students in the University departments is above 2000, including research students. The University has also established 10 University Colleges of Teacher Education (UTE) and 34 University Institute of Technology (UIT), both of which offer undergraduate programmes (B.Ed. in UTEs and BSc (Computer Science/IT/Electronics) and BBA in UITs). However, Masters programmes are available in select UITs. The University College of Engineering at Karyavattom offers Engineering education at the Undergraduate level. These institutions together have a student strength of more than 6000. The School of Distance Education has student strength of approximately 30,000, which is spread across the country. The University has over 150 affiliated colleges with an enrolment of over 1,30,000. Thirty-six departments are situated in the Karyavattom Campus. This sprawling green campus (359 acres) is near Kazhakuttom, along the National Highway 66, towards north. The famous Trivandrum Technopark is adjacent to the University Campus and Greenfield Stadium is part of the University.

The University has a 3-tier academic system. Each subject of study has a Board of Studies to design syllabus and propose action on all academic matters. Groups of related subjects are grouped together under a faculty. The University has 16 faculties. Academic Council is the supreme academic body. The University follows the Choice based Credit and Semester System for all post-graduate (masters) programmes and under-graduate (bachelors) level. Semesters typically fall during the months of June-November and December-May. Masters programmes are typically of two year duration and have four semesters with 5 to 6 courses offered each semester. The final semester has a dissertation.

This University is re-accredited with 'A++' grade by the National Assessment & Accreditation Council (NAAC), and is the only state University in Kerala. UoK has introduced outcomes-based curricula from 2020 onwards, and fully research-based curricula for post-graduation programmes from 2023. The University has also a state-of-the art Central Laboratory for Instrumentation and Facilitation (CLIF) for performing cutting-edge research.
